

Interior Shade Swinging Door Hardware Extension Field Applied Instruction

ABSTRACT: When using the Marvin Interior Shade, you may need to apply the hardware extension on the handle of your Swinging door. Use this supplemental instruction in conjunction with instructions sent with your handle hardware.

Trim Set Mounting Instruction

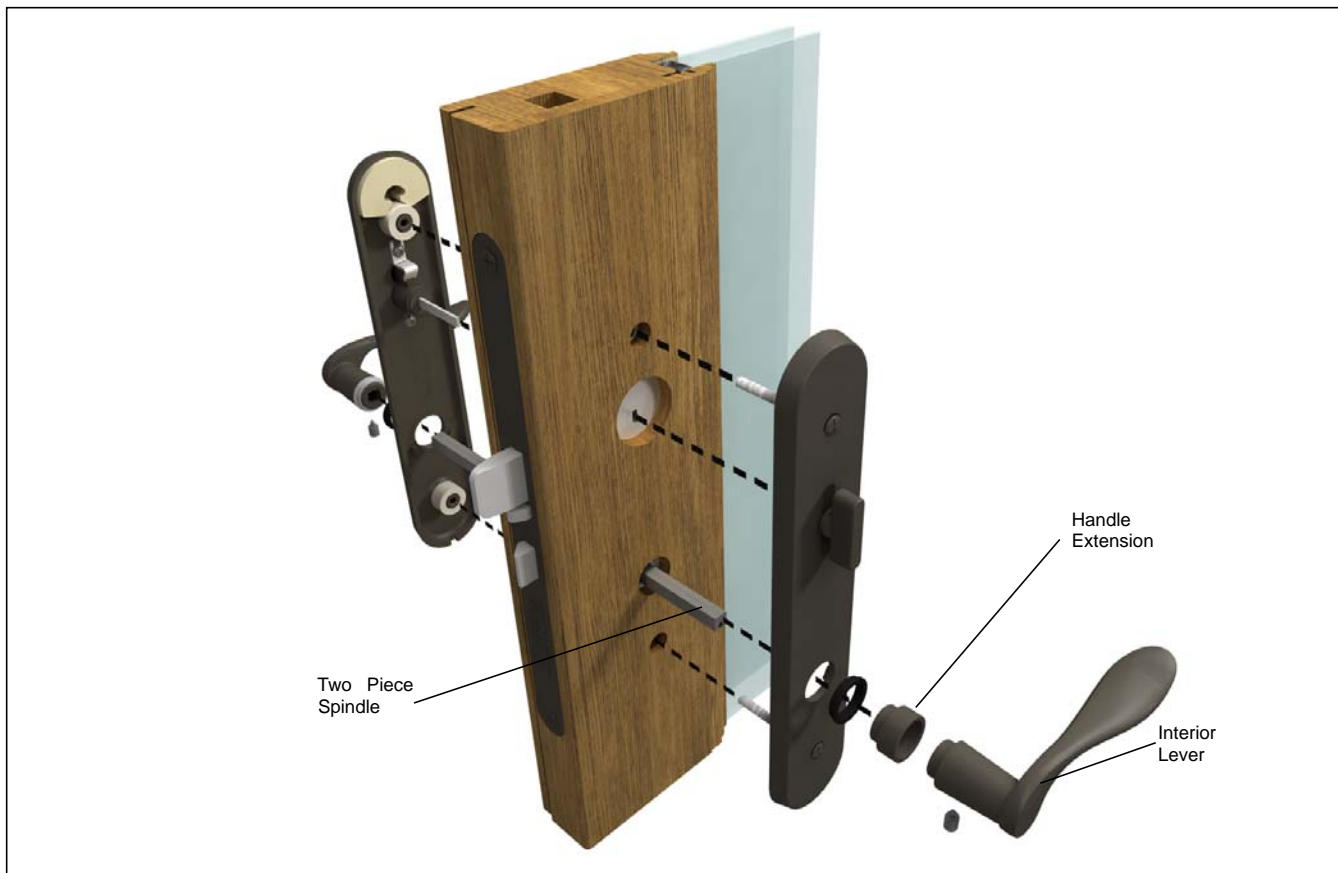

Figure 1 Use the longer two piece spindle and handle extension when installing hardware on doors with interior shades.

Follow the installation instructions sent with your door hardware with the following exceptions:

- Use the longer two piece spindle sent with your door extension hardware kit.
- Install the handle extension on the interior lever before fastening it to the spindle.
