

NFRC Data for Marvin Products

To get current NFRC energy data for Marvin products, please follow the steps below:

1. Go to www.marvin.com.
2. Choose either Windows or Doors.
3. Choose a product.
4. Choose the Technical Resources tab.
5. Choose Energy Data.

The screenshot shows a web interface for selecting window options and viewing NFRC values. The 'TECHNICAL RESOURCES' tab is active, and the 'ENERGY DATA' sub-tab is selected. The interface includes a 'CLOSE' button in the top right corner. Below the navigation tabs, a disclaimer states: 'This tool provides some of the most common options on windows and doors and related NFRC values. For more information about the energy efficiency of specific products and options, please contact your local Marvin sales representative.'

The selection fields are as follows:

- Product: Clad Ultimate Double Hung Picture
- Divider: None
- Glass: Tri-pane
- Coating: LoE 272
- Gas Fill: Argon

The 'NFRC VALUES' section displays the following data:

U Factor	0.19 - 0.21
Solar Heat Gain (SHGC)	0.27
Visual Transmittance (VT)	0.43
Condensation Resistance (CR)	69 - 70
Energy Star	N, NC, SC, S
Energy Star Canada	A, B, C, D
CPD Number(s)	MAR-N-290-00787-00001 MAR-N-290-00785-00001

A note at the bottom states: 'The National Fenestration Rating Council (NFRC) has developed and operates a uniform national rating system for the energy performance of fenestration products, including windows and doors. For additional information regarding this rating system, see www.nfrc.org/WindowRatings. See Energy Efficient Windows and Doors for further information on this topic.'

At the bottom of the interface, there is a list of links for further resources:

- ARCHITECTURAL DETAIL MANUALS (ADM)
- CONSTRUCTION SPECIFICATIONS
- ELEVATIONS
- INSTALLATION INSTRUCTIONS
- PARTS MANUALS
- DRAWINGS AND 3D MODELS

Please note the [Marvin ADM NFRC data chapter](#) has been made obsolete.
