

New Window Guide

Is it time to consider new windows for your home? If you find yourself with any of the following “symptoms,” you may be a candidate.

DRAFTY WINDOWS

Old, ill-fitting or poorly made windows and doors let air in or out, which makes them costly, both in terms of energy and comfort. Marvin products are remarkably energy efficient, with glass options such as Low E II (with argon insulating gas) and energy panels. All of our product types have options that meet ENERGY STAR® requirements.

INOPERABLE OR UNATTRACTIVE HARDWARE

Do you have windows that won't lock, or are locked shut? Are the handles rusty or unsightly? Marvin offers a full range of well-designed hardware options, engineered to fit and operate flawlessly. Innovations like multi-point locking systems, folding handles and a large collection of designer hardware make Marvin the perfect choice.

WEATHERED WINDOWS

Even with regular maintenance, time and weather can take their toll on some windows. Marvin's exclusive extruded aluminum clad is built to last—outperforming others by years or even decades. With a wide selection of colors, casings and subsill options, we're able to replicate any wood window look with a clad exterior that exceeds even the toughest specifications of the American Architectural Manufacturers' Association.

LOOSE SASH OR POORLY FUNCTIONING WINDOWS

Broken sash cords and windows that won't open or stay open are often the hallmarks of older homes. When you purchase Marvin windows and doors, you can be sure that your investment is worthwhile. We pride ourselves on exquisite craftsmanship and guarantee everything we make. In 2007, J.D. Power and Associates ranked Marvin “Highest in Builder and Remodeler Satisfaction among Residential Window and Patio Door Manufacturers.” Such a rating by the most demanding critics, our customers, is significant indeed.

AESTHETIC DEFICIT

Do you envision a different look for your home? Nothing impacts a home's design like the windows and doors you choose. Whether you want to create a breathtaking new look or replicate original windows and doors, Marvin is the ideal partner. Because we build to your exact specifications, you can trust us to make your vision a reality.

J.D. POWER AND ASSOCIATES DISCLAIMER:

Marvin Windows and Doors received the highest numerical score in the proprietary J.D. Power and Associates 2007 Builder and Remodeler Residential window and Patio Door Satisfaction Study (SM Study based on responses from 2,677 builders and remodelers measuring 12 manufacturers). Proprietary study results are based on experiences and perceptions of builders and remodelers surveyed in May through July 2006. Your experiences may vary. Visit jdpower.com.
