

# Custodial Sash Limiter

## Instructions for UCA/UAWN and UCANF/UAWN

---

**ABSTRACT:** The following instructions are intended to be used in conjunction with the supplied installation instructions for proper techniques for removing the custodial sash limiter. Always read these and all instructions in their entirety before installing your Marvin product.

*NOTE: If the custodial sash limiter is removed, it must be reapplied.*

## You Will Need to Supply

- Drill
- Torx Tamper-Proof Bit
- UCA Supplemental Instructions

---

## Removing the Custodial Sash Limiter

1. Using the Torx Tamper-Proof Custodial Bit, unscrew the custodial sash limiter.

Figure 1

2. Reference [UCA Supplemental Installation Instruction for Sash Removal and Replacement](#) instructions.
3. Reinstall the custodial sash limiter with the custodial tamper-proof screws.
