Both Sash Stationary for CUSH-NG 2.0 and CUSHRT-NG 2.0 Installation Instruction

This instruction is for installing a sash limiter for a both sash stationary unit on a CUSH-NG 2.0 and CUSHRT-NG 2.0 window.

1. Both Sash Stationary Kit includes items shown in Figure 1.

   ![Figure 1](image)

   Kit Part Numbers:
   - Beige: 11850200
   - Black: 11850201
   - White: 11850202

   Note: Limiter and fastener can be installed with the sash removed to provide more clearance.

2. Insert sash limiter into jamb. See Figure 2.

   ![Figure 2](image)

3. Fasten #6 x 1 1/4” screw through sash limiter. See Figure 3.

   ![Figure 3](image)

   Caution! Hand tools are recommended for the next step, using a power tool could damage the covers.
